TRADE PRICE-LIST
OF CHOICE

GLADIOLI,
LILIES, IRIS,
And Various Bulbs and Plants

GROWN BY
JOHN LEWIS CHILDS.

OUR Collection of Gladiolus is the largest and finest in existence, and we supply most of the Bulbs which the world uses. Their cultivation is our leading specialty, and last season we grew 100 acres of them, and at this writing have upwards of 10,000,000 bulbs for sale. All guaranteed first-class and true to name. We also offer a choice collection of home-grown Lilies, Iris, Cannas, and various Bulbs and Plants.

TERMS.—All bills due January 1st and June 1st. If not paid then interest will be added. Orders from unknown parties must be accompanied with cash or satisfactory reference. 10 Bulbs given at 100 rates; 250 at 1,000 rates. A discount of 8 per cent. for cash with order, or 5 per cent. if paid within 30 days. All goods travel at risk of consignee.

A very small charge will be made for Packing Cases and Barrels.

Early Orders Will Secure the Finest Bulbs.

CUT FLOWERS. During the blooming season we can supply fine spikes of Gladiolus in any quantity, on short notice, and at reasonable prices.

JOHN LEWIS CHILDS,
Floral Park, N. Y., U. S. A.

GLADIOLUS "AMERICA."

GROWTH. By far the most vigorous and easily grown Gladiolus known. Strong and healthy, with luxuriant dark-green foliage and a freedom of growth and flowering surpassing all others.

FLOWERS. Spikes two to three feet long, erect with a great number of large spreading blossoms, all facing one way and showing a color the delicacy and beauty of which it is impossible to describe or reproduce. It is an exquisite soft lavender pink, very light, almost a tinted white; the color is the same as seen in the most exquisite Cattleya Orchids. No color like it in any other Gladiolus; none half so beautiful.

USEFULNESS. As a cut flower it is perfectly immense, lasting in water for a week or more, the great blossoms retaining full size and delicate coloring. For florists use and for bedding it is without a rival.

FOR FORCING. "America" forces easily and is the most profitable variety for that purpose. Its fine color makes it a ready seller at big prices.

"AMERICA" was awarded Certificate of Merit by S. A. F., Washington, D. C., 1905; Mass. Hort. Soc., Boston, 1905; by American Institute, N. Y. City, 1905. Also used for decorating the Yacht "Mayflower" when Pres. Roosevelt received the Peace Eevoys, of Japan and Russia.

Strong Flowering Bulbs \$7.50 per 100. \$60.00 per 1000. \$250.00 per 5000.

TESTIMONIALS

Little Silver, N. J., Sept. 7, 1907.

MR. JOHN LEWIS CHILDS, Floral Park, N. Y.

DEAR SIR:—I have had in flower the present season nearly all the newer Gladiolus including America. I find America to be superior to any other; in fact, the finest Gladioli I have ever grown. We sell flowers to the summer residents, in this vicinity, from the delivery wagon and the cut spikes of America sold readily at 75c. and \$1 per dozen while the other sorts could scarcely be sold at 25c. to 40c. per dozen. Could have sold many more blooms of America if we had had them. In a word, I regard it as the most beautiful and most valuable Gladioli as yet offered:

J. T. LOVETT.

DETROIT, Mich., Sept. 18, 1908.

MR. JOHN LEWIS CHILDS, Floral Park, N. Y.

DEAR SIR:—Last year we grew a lot of America Gladiolus and it is so beautiful and satisfactory in all respects that we increased our plantings very much this year. I think it would be difficult to describe the magnificent flowers of this variety with full justice to it. There is color sufficient for any joyous occasion flowers may be wanted for, and yet, soft and delicate enough for subdued effect. The spikes are large and most uniformly well formed. I shall always grow large quantities of it for my trade, which is like myself delighted with it. I will say further that the flowers of this variety that were shown at the S. A. F. Convention at Dayton last year, while splendid indeed, could not compare well with those of our growing in either color or size.

Very truly yours,

J. F. SULLIVAN.

COHOCTON, N. Y., Sept. 7, 1907.

MR. JOHN LEWIS CHILDS, Floral Park, N. Y.

DEAR SIR:—I have grown Gladioli America, for two years, and have exhibited it at twelve different flower shows during that time. I have a fine collection of Foreign and American varieties, but America, wherever exhibited,—

gives perfect satisfaction. It is not only a first class flower, but the plant is very robust and healthy—Too much cannot be said in its favor.

Very truly yours,

CHAS. LARROWE.

MR. CHILDS:—I bought a few dozen bulbs of Gladiolus America and Cardinal of you last spring and they are way ahead of anything I have ever seen, although I am growing about eighty varieties that I have imported from a famous English firm. America is far ahead of one variety for which I paid \$1.85 for a single bulb.

L. L. M.

Greenville, R. I., Sept., 1907.

Tuxedo, N. Y., Sept. 9th, 1907.

MR. JOHN LEWIS CHILDS, Floral Park, N. Y.

DEAR SIR:—I have grown your Gladioli America since you first introduced it, very extensively both for out-door culture and winter forcing, and under both circumstances it proved everything you claimed for it. It comes up to everything you claimed for it, in fact you do not claim anything to much. It is the finest Gladioli I ever grew.

Yours very truly,

WILLIAM HASTINGS.

Sinking Springs, Pa., Sept. 7, 1907.

MR. JOHN LEWIS CHILDS, Floral Park, N. Y.

Dear Sir:—I have given Gladiolus "America" a thorough test and am satisfied with the results. The color is a desirable one for florists' use and the blooming spikes have been selling for more money than any other variety. I think it will continue to be the leader in pink and will eventually displace all other varieties of that color for I do not know of a better one.

Very truly yours,

THOMAS J. OBERLIV

GLADIOLUS AMERICA

Sylvania, O., Sept. 7, 1907.

MR. JOHN LEWIS CHILDS, Floral Park, N. Y.

DEAR SIR:--We used ten thousand Gladiolus America last year and shall want another lot the coming season. We think very highly of this variety. It is easily the most beautiful and useful variety in cultivation. The growth, foliage, spike and flower are all that can be desired. The large flower and delicate color make it a favorite with all. I saw blooms that were forced last winter that were marvels of delicate beauty,

Respectfully,

E. H. CUSHMAN.

HAMMONTON, N. J., Sept. 11, 1907.

JOHN LEWIS CHILDS:

The 50 Gladiolus America which I bought of you in 1906 proved so satisfactory that I added another 500 for this season and the result has been satisfactory and I regard this variety as indispensable to every grower of Gladiolus.

WM. F. BASSETT

MIAMISBURG, Ohio, Sept. 7, 1907.

JOHN LEWIS CHILDS, Floral Park, N. Y.

Dear Sir:--I consider Gladioli America the best I ever grew. Wishing you the success you certainly deserve, I remain

Truly yours,

S. E. WATERS.

GLADIOLI OF SPECIAL MERIT.

Striped and Variegated —Extra fine.	2 50	20 00
Scarlet, White Throat —Extra fine, mixed.	2 00	16 00

Gladiolus Childsi.

Childsi are much stronger and more vigorous than other Gladiolus, the growth being exceedingly rank and the foliage dark, healthy green. They are very tall and erect, often standing four or five feet high, with spikes of bloom over two feet in length. They branch freely, in most cases each stem producing three or four spikes and bloom much earlier than ordinary varieties. The flowers are of great size, frequently seven to nine inches across. The form of both flower and spike is perfection itself, and they last in bloom a long time before fading, owing to their great substance and vigor, but the most remarkable feature is the coloring. Orchids cannot surpass them in their varied and delicate shades, markings and blendings. Every color known among Gladiolus is represented, and many never before seen, particularly blues, smoky grays and purple-blacks, all having beautiful mottled throats, made up of white, crimson, pink, yellow, etc., and in this peculiar network of charming spots and colors lies one of its special points of unsurpassed beauty. They far outrank all other Gladiolus in size of spike, size of bloom, vigor, varied and magnificent coloring and freedom of bloom.

	Per 100,
Aline —A large wide open flower, pure white, slightly striped crimson or pink. Extra fine.....	\$20 00
Attraction —Deep, dark, rich crimson with a very conspicuous large pure white center and throat. At once a most beautiful and attractive sort.....	12 00

GEN. PHIL SHERIDAN —Fiery red, white line running through each petal, and a large, pure white blotch on the lower division.....	3 00
GEN. SHERMAN —Large fine scarlet.....	6 00
Glory of Sherwood —Scarlet; with lemon throat....	4 00
Harmonia —Bright purple shaded crimson, and veined white, with a large snow white center; very showy.....	25 00
Horace Vernet —Large purple-red with white blotch.....	5 00
ISAAC BUCHANAN —Very fine yellow.....	5 00
JOHN BULL —White, slightly tinted with sulphur.....	3 00
La France —Pure white flowers; slightly flamed with carmine toward the edges; large amaranth blotch passing to pure white.....	5 00
LAMARCK (DE) —Cherry, lightly tinted with orange blazed with red, center is very well lighted, with large, pure white stain.....	2 50
Latone —Tall and very compact spike; fine flowers of a delicate rose with creamy white blotch.....	6 00
LE POUSSIN —Light red, white blotch.....	4 00
Lemon Drop —Light lemon with bright yellow throat. Finely tinted with crimson.....	12 00
LACROSS —Fine spike; orange scarlet, flaked maroon.....	4 00
Mrs. Krelage —Fiery red, white throat, veined carmine and white.....	5 00
Magnificus —Tall variety with handsome spikes of large flowers; round and open; cinnabar red; fine white blotch; edged with violet.....	20 00
Mahdi —Large, deep, reddish-black.....	10 00
Madame Leseble —Pure white, large rose blotch.....	6 00
MADAME MONNERET —Delicate rose.....	2 00
Marie Berger —Rose lilac, blotched and striped with red, shaded into yellowish rose towards the center; dense spike of well opened flowers.....	15 00
May —A lovely pure white flower, finely flaked bright rosy crimson; superb spike.....	2 00
Mazepa —Fine orange. Good perfect flower.....	5 00
Mr. Bains —A wonderful distinct color, a clear, light red; self color.....	4 00
Noemi —Light rosy lilac.....	7 00
OCTOROON —A beautiful salmon-pink; very distinct.....	4 00
Prolific Pink —A good pink of remarkably free growth.....	1 00

- Pactole**—Beautiful yellow, slightly tinged with rose at the edges; blotch of dark shade..... 5 00
- Pappillon**—A compact well-arranged spike with flowers of a yellow ground, conspicuously flaked and bordered with carmine..... 10 00
- Penelope**—Blush white; lower petals tinted yellow, streaked carmine..... 8 00
- Pepita**—Bright golden yellow flowers, slightly striped carmine at the edges of the petals towards the end of the flower stalk..... 6 00
- Pyramide**—Perfect spikes, broader at the lower parts than at the top; large, well-expanded orange-rose..... 5 00
- Phebus**—Brilliant red; large pure white blotch..... 6 00
- Proserpine**—Light white..... 6 00
- Pygmalion**—Cherry-red, slightly flamed with a darker shade; pure white blotch, feathered violet; each petal has a white band..... 10 00
- Queen of the Fairies**—Fine light sulphur-yellow shaded..... 10 00
- REINE BLANCHE**—Light white; dark carmine blotch..... 3 00
- REVEREND BERKELEY**—Light rose and tinged violet carmine, feathered white blotch..... 5 00
- Richard Cœur de Lion**—Fine spike of large flowers of a bright crimson-red color flamed and edged with garnet; lower petals spotted and blotched yellow..... 6 00
- Robert Fortune**—Orange-lake, shading off to purple-crimson; veined white..... 4 00
- SHAKESPEARE**—White, very slightly suffused with carmine-rose; large rosy blotch..... 6 00
- SNOW WHITE**—All that need be said about this grand novelty is, that it is absolutely pure snow-white, the only pure white Gladiolus in existence. It also has large, well open flowers and an enormous spike of the most beautiful shape..... 10 00

- Sunshine**—Tall spike with 20 or more flowers. Very fine yellow..... 15 00
- Salmonia**—Good spike of flowers which are composed of various shades of salmon yellow..... 30 00
- Sunset**—Lovely pink, blotched and flamed darker..... 10 00
- Sultana**—Bright satin-rose flamed with carmine; purple-carmine blotch..... 15 00
- Sulphide**—Pure white, flamed carmine..... 4 00
- Sulphur King**—Beautiful cream, sulphur yellow; finest and earliest of yellow sorts..... 2 00
- Teresita**—Under petals of pure white, suffused with rose, and striped carmine at the edges..... 4 00
- Thalia**—White, flamed and streaked with carmine..... 4 00

Lemoines Hardy Gladioli.

- André Chenier**—Pink, spotted black and yellow..... 3 00
- Admiral Pierre**—Large flowers, round, very open; dark carmine-red, lower divisions clouded maroon purple..... 3 00
- Blue Jay (Lemoinei and Childs)**—The finest blue Gladiolus yet seen. It is a rich, deep color of an indigo shade. The only real blue Gladiolus on the market..... 15 00
- Beaurepain**—Flowers large, rose tinted violet, throat violet maroon; edged with salmon..... 5 00
- Chas. Martel**—Rosy blush, intense large carmine blotch..... 2 00
- De Cheville**—Salmon red, buff blotch..... 5 00
- Dandy**—Vigorous, long spike of large blossoms; Color dark crimson, with fine yellow center..... 5 00
- Edison**—A beautiful combination of many rich colors..... 5 00
- Emille Lemoine**—Bright vermilion dotted gold..... 2 00
- Entendard**—Light brick-red, with large canary and crimson blotches..... 5 00
- Easter Gladiolus**—(Mme Lemoinei)—\$12.00 per 1000..... 1 50
- F. Bergman**—Large, well-open flower orange-pink, with carmine stains..... 3 00
- Incendiary**—Fiery red, large blotch of crimson-red on lower petals, small gold markings..... 3 00
- Ketelar**—Salmon scarlet with crimson and light lemon throat..... 4 00
- Lamarck**—Salmon, crimson and yellow spots..... 3 00
- Lafayette**—Very large, yellowish salmon, crimson blotches..... 5 00
- Marie Lemoine**—Large spike of fine, well-expanded flowers; upper divisions of a pale creamy color, flushed salmon-lilac, the lower divisions spotted violet and yellow..... 2 00
- Pactole**—Sulphur-yellow, spotted black, very fine..... 6 00
- Vashti**—Creamy white, blotched carmine..... 3 00

Mixed Lemoinei Gladiolus.

We offer a splendid mixture of Gladiolus Lemoinei, all colors and varieties. More than 100 sorts. \$1.50 per 100, \$10.00 per 1,000.

The Two Most Valuable Cheap Gladiolus in Cultivation.

FOR CUT FLOWERS THEY ARE
UNSURPASSED.

May.

This Gladiolus being so very cheap, and so very handsome and valuable as a cut flower, should be most extensively planted by florists and others who grow for market. It makes a beautiful spike, compact and perfect, while the individual blossoms are of great substance and will stand shipping without bruising better than any other variety. Its color is one of the most attractive as well as one that is in greatest demand, being almost pure white, with markings of bright rosy crimson. It is a strong, healthy grower, and will give immense satisfaction in all localities and for all purposes. As an inexpensive variety we recommend it above all others with the possible exception of Ceres. First Size Bulbs—Per 100, \$2.00; per 1,000 \$15.00.

Ceres.

Another highly valuable variety for the cut flower trade. One of the best of the white or light colored class, a good free grower and fine bloomer. Fine bulbs, \$1.50 per 100; \$12.00 per 1,000.

GLADIOLUS

GANDAVENSIS

"MAS."

Grand New Callas.

With the exception of the Spotted Callas these are all new and they are certainly very fine. Many so-called Yellow Callas on the market are worthless.

Aurata—(*Lemon Calla*)—New and fine, the flowers being a beautiful, light lemon yellow, with a jet black center, therefore very conspicuous and showy. Its foliage is large and handsome deep green, freely spotted white. Makes a most superb pot plant. \$10.00 per 100.

Elliottiana—This is the great new Yellow Calla of marvelous beauty. Flowers very large and of the brightest golden yellow. Leaves beautifully spotted with white. Sold last year at \$5.00 each. We have a large stock and can offer it at the very low price of \$20.00 per 100.

Rhemanni—Another new Calla which has created a sensation in Europe and sold as high as ten dollars each. It is a strong, free grower with large blossoms which are of a fine pink color. \$15.00 per 100.

Mrs. Roosevelt—A new Calla with an elegant spotted leaf which is large and luxurious. Flowers white tinged with lemon and very beautiful. \$10.00 per 100.

Spotted Calla—The well know *Richardia Albo Maculata*. \$3.00 per 100; \$25.00 per 1000.

STANDARD CANNAS. Strong 2-3 eye pieces.

Zephyranthes, or Zephyr Flower.

The Zephyr flowers, or Fairy Lilies, are gems of rare beauty; and when planted either in pots or the open ground they produce very beautiful Lily-like flowers nearly all summer. Though some of the varieties are old, they are not generally known or seen in cultivation, owing to the fact that they have never been properly and thoroughly introduced. When once grown they are always grown, for they are one of the prettiest and easiest grown flowers it is possible to have. They are of a lovely section of the great and popular Amaryllis family. For pot culture plant three or four in a 5 or 6-inch pot and they will bloom beautifully. For the garden plant in spring and lift them in the fall, like Gladioli.

Rosea—Beautiful clear rose; flowers large and very handsome. One of the oldest and best; blooms all summer. Very scarce and seldom seen. \$2.00 per 100. \$15.00 per 1000.

Sulphurea (GIANT FLOWERED)—This produces flowers as large as large Amaryllis, and on stems 15 to 24 inches in height. One of the clearest and finest shades of yellow we ever saw. The shape of the flower is perfection itself. It is one of the choicest gems in the bulb line. \$3.00 per 100.

Andersoni—A little beauty, its flowers being smaller than the others; beautiful tulip-shaped, and orange-yellow in color. A free bloomer. \$3.00 per 100.

Candida Improved—Pure white and the freest bloomer of all, though not so large. \$1.50 per 100. \$10.00 per 1000.

Vercunda—Large pure white. Free bloomer. New and fine. \$3.00 per 100.

Childs' Tuberoses

The one flower the rich man must have and the poor cannot do without. We all love its massive spikes, thick, waxen, blooms of rich, creamy whiteness, and its deep delicious fragrance. How often has this sweet flower, that might have bloomed in paradise, been placed upon the cold forms of those whose spirit has gone to fairer fields. We have made our prices very low, that every flower lover may enjoy their peerless beauty. For open-ground culture plant about the middle of May. Give them rich soil, in full sun, and keep free from weeds and they will bloom finely. Plant a good big lot of them for cutting, and if you will pot those which are in bed about the time frost is expected, they will bloom elegantly in pots for a long time—often till Christmas.

Excelsior Pearl—Introduced by us twelve years ago. It is the finest bloomer of all Tuberoses; habit dwarf, flower stalks short, spikes and blossoms enormous in size, and very double and fragrant. The finest for pots as well as for the garden. Large select bulbs, \$1.00 per 100; \$9.00 per 1,000.

Excelsior Pearl, Second Size 60c. per 100; \$5.00 per 1,000.

New Variegated—The leaves of this variety are bordered with creamy white; flowers single but very large and of exquisite fragrance. Bulbs continue to grow and bloom year after year. It makes a most magnificent plant. It blooms several weeks earlier than the other sorts, which greatly adds to its value. \$1.50 per 100; \$10.00 per 1,000.

Single Orange-Scented—A fine sort bearing very early in the season, large spikes of beautiful single orange-like blossoms. Very fragrant. \$2.00 per 100.

Hyacinthus Candicans.

They contrast elegantly with *Gaillardia*. Planted anywhere, singly or in clumps, they are magnificent. For a cemetery nothing can be more beautiful or appropriate, and nothing thrives better in any situation.

1-2 in. \$1.50 per 100; \$12.00 per 1000
2-3 in. \$2.00 per 100; \$15.00 per 1000

Giant California Tigridias.

We are introducing a strain of California grown Tigridias the bulbs of which are **VERY LARGE, SOLID AND VIGOROUS**. These fine bulbs keep perfectly well over winter under ordinary conditions, whereas smaller ones dry out and decay. They also make a remarkably strong and vigorous growth, blooming early and with remarkable profusion.

Canariensis—Bright yellow.

Conchiflora—Yellow spotted.

Speciosa—Deep red, spotted purple.

Lilacia—Brilliant violet crimson.

Grandiflora Alba—White, crimson spots.

California Hybrids, Mixed (Burbank)—Grand new strain of mammoth size, and a great variety of splendid colors. These will give splendid satisfaction. Bulbs of great size.

Price, 40c. per doz.; \$3.50 per 100; \$20.00 per 1000.

Summer-Flowering Oxalis.

Dieppi—Pure white; very fine.

Lasandria—Fine rosy pink, beautiful cut foliage.

Shamrock—Lovely clover-like foliage and pink blossoms.

Mixed Colors—Several colors.

20c. per 1.00; \$1.00 per 1000.

Phrynium Variegatum.

An elegant pot or bedding plant which is faithfully depicted in the accompanying cut, though it conveys no idea of the exquisite variegations of the leaves. Its manner of growth is much like that of a *Canna*, the leaves borne on erect foot-stalks with spreading blades of oblong-lanceolate form. They are bright pale-green, beautifully variegated with white and gold, the variegation being extremely diversified.

\$6.00 per 100; \$50. per 1000

Dahlia.

Named—We have some 50 named sorts which we can supply our selection of kinds, (but will give colors desired), large field grown roots, undivided, \$10.00 per 100. Divided roots, \$4.00 per 100.

Mixed—Large field grown roots of finest sorts, mixed, \$5.00 per 100. Divided roots half price.

New Cactus Dahlia.

These are not the ordinary form of Cactus Dahlia, but a new strain with blossoms of enormous size, perfectly formed and double to the center. Some have wide, flat petals, others have petals quilled at the end and flat in the middle. Many of them remind one of magnificent Japanese Chrysanthemums. In color they present a varied brilliancy and richness not before seen in Dahlias; intense scarlets, delicate pinks, snow-whites and tinted forms, straw color, lemon and orange-yellow, dark maroons, almost black, with a velvety texture that is certainly wonderful; striped, blotched and variegated; in fact all colors and combinations.

Of these glorious Dahlias we have about 50 named kinds. Price, field roots, divided, \$10.00 per 100.

HYACINTHUS CANDICANS.

TIGRIDIAS

OXALIS.

PHRYNIUM
VARIEGATUM.

Iris Germanica.

- Alvelrea**—Upright petals light blue, falls brilliant purple, blue flaked and feathered.
- Candicans**—Light lavender; falls reddish purple.
- Honorable**—Intense yellow; falls a beautiful bronze.
- Madam Chereau**—Pure white, edged with azure blue; falls deep white with blue penciling.
- Neclecta**—Uprights fine blue; falls deep blue. Large flower.
- Pearl**—Very light lavender, falls deep lavender.
- Queen of the Gypsies**—Dusky light bronze; falls purplish red.
- Stenophylla**—Self color, light blue shaded darker.
- Souvenir**—Uprights brilliant yellow; falls freely veined network of yellow, buff and purple.
- Parkmani**—Uprights pure lemon; falls white veined purple.
- Fragrance**—White edged with blue; falls white with blue penciling.
- Innocence**—White, edged with blue.

	100	1000

Iris Kæmpferi.

DOUBLE IRIS.

- Antelope**—White ground, flaked, blotched crimson.
- Blue Danube**—Deep indigo blue. Violet shading.
- Crimson Turf**—Rich plum.
- Gold Bound**—Pure white, one of the best.
- Hyde Park**—Reddish purple, striped, blotched white.
- La Favorite**—Large fine white, freely veined blue.
- Mahogany**—Dark red shaded maroon.
- Mt. Hood**—Light blue shaded darker.
- Orion**—Reddish pink, white center.
- Oriole**—Somewhat similar to Crimson Turf.
- Paragon**—Rich velvety purple.
- Pyramid**—Lilac blue, veined, white center each petal.
- Robert Craig**—French gray, veined violet.
- Sea Gull**—White, shaded light blue toward center.
- Spotted Beauty**—Wavy, double silky white, spotted with violet-crimson.
- Templeton**—Light violet shade, mottled.
- Victor**—White veined violet purple.
- T. S. Ware**—Reddish violet veined white.

SINGLE IRIS.

- Apollo**—Pure white, pink center.
- H. Von Sieboldt**—Reddish, veined white, yellow center.
- Lavender Queen**—Fine lavender.
- Mirage**—Light pink, suffused with light blue.
- Mars**—Reddish purple, striped and blotched white.
- Ondine**—White, shaded light blue toward center.
- Plume**—White slightly suffused with blue, violet veins. Center deep lilac.
- Shadow**—Self color, reddish purple.
- Snowbound**—Large pure white with golden bands.
- Toledo**—White, light purple center.

\$6.00 per 100. \$50.00 per 1000.
 Mixed \$3.50 per 100.
 \$30.00 per 1000.

**IRIS
 KÆMPFERI.**

Lilies.

All the Lily bulbs we offer are of our own growing, and they may be relied upon for health, vigor and free growing quantities. Our stock of *L. tenuifolium* is very large and fine.

	Doz	100	1000
Auratum —(THE GOLDEN BANDED LILY OF JAPAN) We can say that this is the grandest of all Lilies, and certainly the most popular	75	6 00	
Canadense —Lovely nodding blossoms, bell-shaped, yellow spotted black	60	4 00	35 00
Elegans —Fine mixed colors	60	4 00	35 00
Elegans Bicolor —Bright red flushed orange; very showy and large	75	5 00	45 00
Elegans Painted Chief —Bright flame color	1 00	8 00	75 00
Elegans Robusta —Magnificent large flower; orange spotted back	75	5 00	40 00
Elegans Aurora —Deep rich orange, suffused	1 00	8 00	75 00
Elegans Leonard Joerg —Rich apricot spotted, very fine	1 00	8 00	75 00
Elegans Sanguineum —Very rich dark red with few spots	1 00	8 00	75 00
Hansonii —A rare and fine Lily. Flowers appear in large clusters. Rich yellow with black spots	7 00	50 00	
Longiflorum —White, trumpet formed	60	4 00	35 00
Pardalinum —LEOPARD LILY—Rich scarlet and yellow flowers, spotted with rich brown. Robust and free flowering	75	5 00	45 00
Superbum —Three to six feet high, flowers from five to forty, nodding; brilliant orange-red. Blooms in July	60	4 00	35 00
Tigrinum, fl. pl. —DOUBLE LILY—This is a plant of stately habit, growing from 4 to 5 feet high, foliage is dark green and very long bearing an immense number of double bright orange-red flowers, spotted with black	50	3 00	25 00
Tigrinum, Splendens —Improved Tiger Lily	40	3 00	25 00
Umbellatum —One of the very best, blooming in June or July. 25 finest sorts mixed	60	4 00	35 00
Wallacei —This Lily is very floriferous, each bulb throwing up from 4 to 6 flower stems, each one of which is crowned with 8 to 10 beautiful upright blossoms, of a delicate, bright apricot color. It is very perfect in form and a most desirable sort	60	4 00	35 00

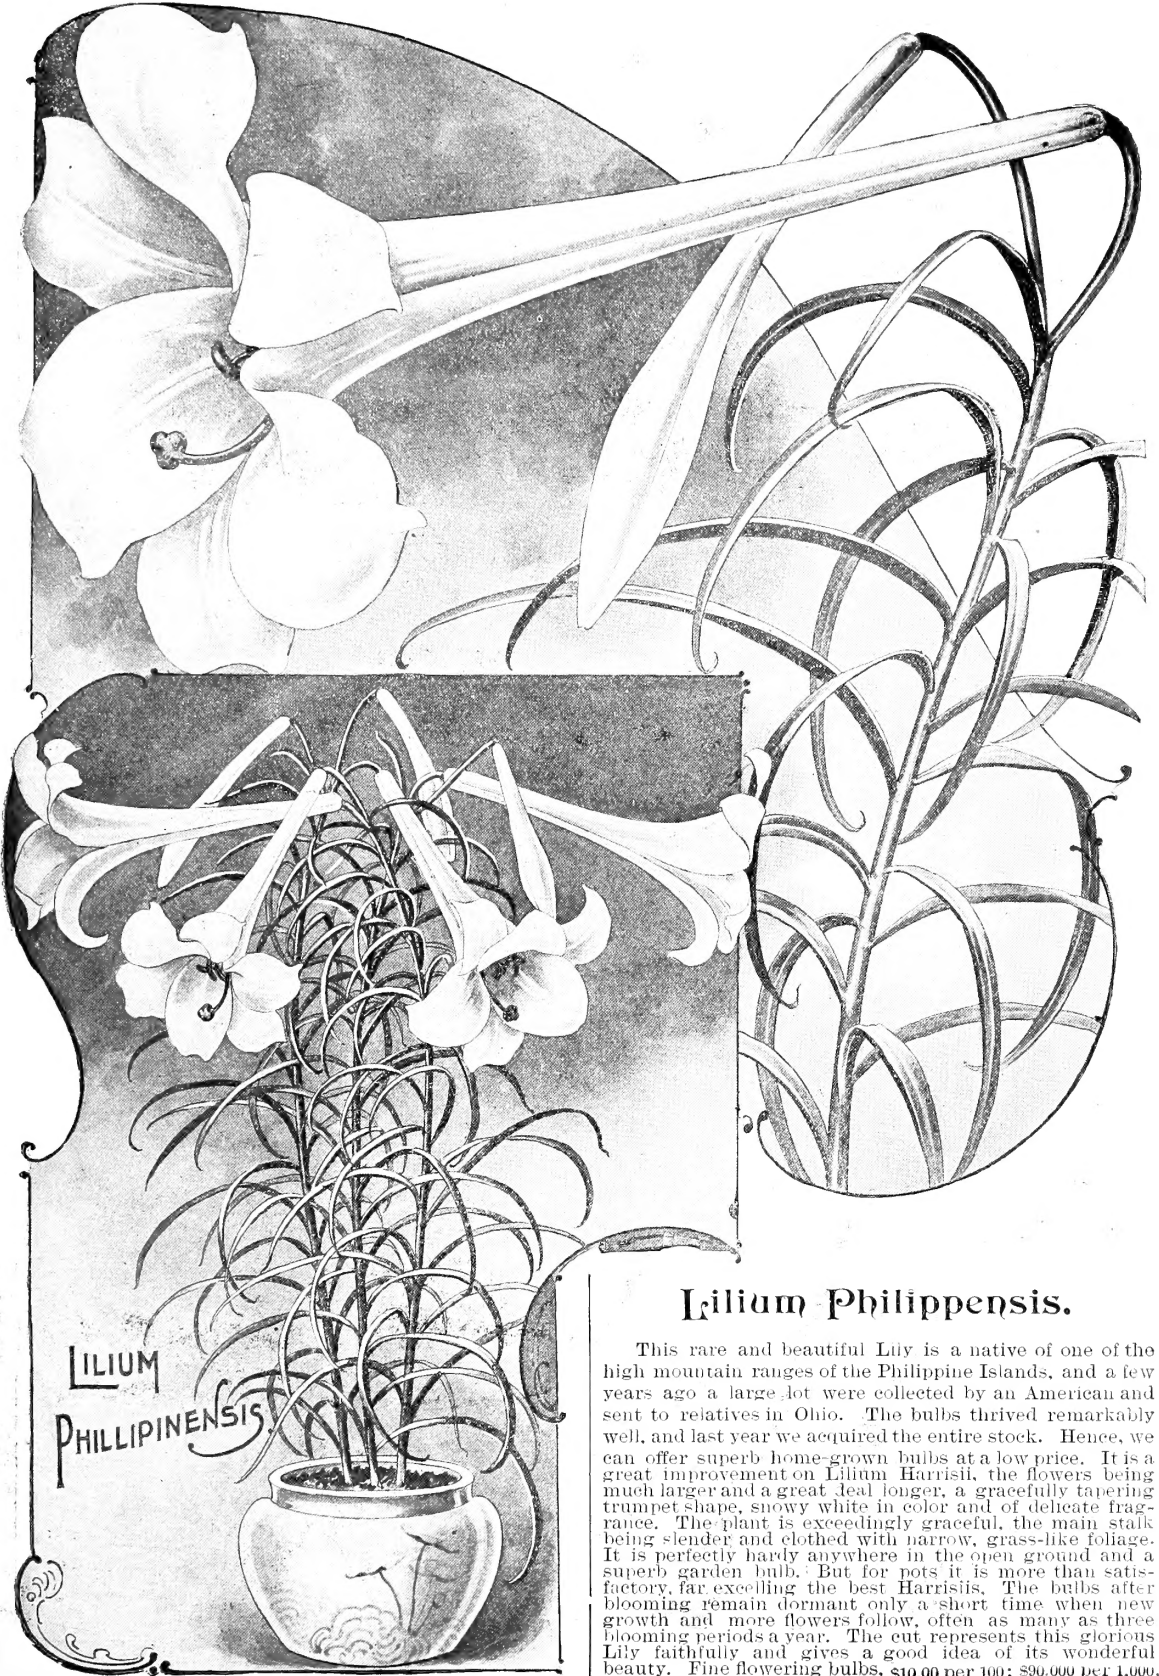

Grand Speciosum Lilies.

Henryi —New and exceedingly rare. Tall, strong grower, producing flowers in great profusion of a fine apricot-yellow color. The yellow Speciosum	7 00	50 00	
Kratzeri —Tinted white, spotted	1 00	7 00	
Melpomene —Words cannot describe the beauty of this variety. Frosted white, spotted, clouded and bordered with pinkish crimson. Petals keenly recurved and widely bordered	1 00	7 00	60 00
Mostrosom Album —Broad, flat stems and immense heads of flowers, often fifty in a cluster. Pure snow white	60	5 00	45 00
Opal —The deeply recurved petals are snowy white at the tip, gradually deepening in color to the base of each petal, which is blotched with a raised moss-like fringe, which glistens like diamonds. The flower is very large	4 00	25 00	200 00
Praecox —Large, perfect and beautiful. Frosted white with a tinge of blush at the top of petals. The blush-like fringe in each petal adds to its beauty	1 50	8 00	75 00
Punctatum —Fine white with a delicate pink tinge and rosy spots	1 00	8 00	
Rubrum —Deep rose, freely spotted crimson and mottled white; perfectly exquisite	75	6 00	55 00

Lilium Tenuifolium.

The lovely Coral Lily of Siberia. A great beauty. The brightest of all Lilies. Grows 24 inches high, with finely cut foliage, slender stems and beautiful-shaped flowers of a brilliant coral-red. One ought to grow them by the dozen, they are so fine for cutting, and making bouquets for the lawn. Blooms very early. Having grown an enormous stock of this exquisite Lily we are prepared to offer it at the exceedingly low price of \$5.00 per 100; \$40.00 per 1,000; \$350 per 10,000.

Liliium Philippensis.

This rare and beautiful Lily is a native of one of the high mountain ranges of the Philippine Islands, and a few years ago a large lot were collected by an American and sent to relatives in Ohio. The bulbs thrived remarkably well, and last year we acquired the entire stock. Hence, we can offer superb home-grown bulbs at a low price. It is a great improvement on Liliium Harrisii, the flowers being much larger and a great deal longer, a gracefully tapering trumpet shape, snowy white in color and of delicate fragrance. The plant is exceedingly graceful, the main stalk being slender and clothed with narrow, grass-like foliage. It is perfectly hardy anywhere in the open ground and a superb garden bulb. But for pots it is more than satisfactory, far excelling the best Harrisii's. The bulbs after blooming remain dormant only a short time when new growth and more flowers follow, often as many as three blooming periods a year. The cut represents this glorious Lily faithfully and gives a good idea of its wonderful beauty. Fine flowering bulbs, \$10.00 per 100; \$90.00 per 1,000.

Phoenix Roebelini

The magnificent new Palm. Greatest of all decorative plants.

The newest, and in every respect the finest and most beautiful Palm grown. It has the graceful and beautiful foliage of Cocos Weddelliana, but ten times as much of it, and it is the hardiest and most easily grown of all Palms, and just the one that will succeed admirably in any window. Nothing can surpass it as a decorative plant. The whole world has gone wild over it, and it has recently sold as high as \$100 each. We have the only large stock of it in America.

	100	1000

THE GREAT ISMENE.

(ISMENE CALATHENA GRANDIFLORA.)

Having grown a Large Stock we are able to offer this Superb Bulb Very Cheaply.

Those who are familiar with the true Giant Ismene cannot say enough in praise of its beauty and purity. The flowers are of very large size, like an Amaryllis, novel form and of snowy whiteness, and are also exceedingly fragrant. It is really one of the most lovely of all the great Amaryllis tribe, having a peculiar grandeur which one can appreciate at sight, but cannot describe. Bulbs are large and strong and begin to flower in two or three weeks after planting, sending up tall flower stems, which bear several of its magnificent blossoms. As a pot plant it is grand, and as a garden bulb treated like a Gladiolus it is one of the choicest of all flowers. Do not fail to try it. It will more than please you for it is superior to the Bermuda Easter Lily as a flowering bulb. Strong flowering bulbs, \$5.00 per 100; \$40.00 per 1,000.
